

## Staufix FKA auto. backwater valve DN 125, Floor slab, black

## Article information

Item no.: 84125S GTIN: 4026092046388 Price group: 30

## **Advantages**

- Safe, motor-driven closure system with optical probe
- Fast, simple and toolless maintenance
- Available as a complete set or module set

## Description

The Premium automatic backwater valve for faecal and faecal-free wastewater is equipped with a motor-driven closure system which is closed automatically in the event of backwater. A second closure system serves as an emergency closure to be closed by hand. The station is controlled by a user-friendly control unit, which is optionally integrated in the building management system via a potential-free contact, or alarm and collective fault messages can be output via a GSM interface. Thanks to the modular KESSEL system, existing systems can easily be converted to a Pumpfix F backwater pumping station.

Variant Emergency closure: Protection class, probe: Motor-driven backwater flaps: Mechanical backwater flaps:	yes IP 68 (3m/48h) 1 1
General characteristics Colour: Standard: Nominal size (DN): Outer diameter (OD): Type of wastewater: Installation situation:	black EN 13564 125 125mm with sewage floor slab installation

Delivery state:
